Address: 15, punjabi bagh dayal bagh , Agra

SUMMARY

Ambitious and adaptable graduate with a Bachelor degree in AI & Robotics possesing strong Interpersonal skills and a passion for reputation job . I am eager to kickstart my carrer and contribute positively to a forward thinking organization

---

EDUCATION

Dayalbagh Educational Institute
Bachelor Of Vocation In AI & Robotics
I am pursuing this course in 2023 and End in 2026

University Model School
High School , Intermediate
Stream - PCM

SKILLS

Python programming   HTML , CSS   Javascript   PowerBi

MS Excel   Basics of Arduino   Offices Suites   Machine learning

---

CERTIFICATES

- **Datascience and Machine learning**
  Internship program by Edureka!

- **Hackathon and Arduino workshop**
  By Dayalbagh Education Institute

PROJECTS

- **Automated Writing Robot**

This is my first year project Automated writing robot using arduino, stepper motor ,CNC shield , jumperwires and hardware.

- **Home Automation**

This is Also my first year project Home automation using Arduino, IR sensor , Bluetooth sensors , 4 Channel Relay , LED Light , Fan , Jumperwires . They work like detecting the object then automatic open the door and Switch On lights and Fan .. Amazing project

- **Medical Chatbot**

This is my second year software project Medical Chatbot . in this chatbot using a flask and gemini AI
